gentlyzhao.github.io/

Education

09 2021 –06 2025	**B.Sc.** Computer Science, Shandong University	GPA: 88.07/100

Research Interests

Natural Language Processing, AI Safety, Trustworthy LLMs, Interpretability and Alignment

Research Experience

04 2025 –now	Remote Research Intern, Martin AIGI, Oxford (Advisor: Prof. Fazl Barez)
07 2024 –10 2024	Onsite Research Intern, Jmcauley Lab, UCSD (Advisor: Prof. Julian McAuley)
12 2022 –07 2024	Research Assistant, SDU nlp Lab, Shandong University (Advisor: Prof. Bin Jiang)

Publications

G Google Scholar

Conference Paper

[C1] **Jianli Zhao**, Tingchen Fu, Rylan Schaeffer, Mrinank Sharma, and Fazl Barez. "Chain-of-Thought Hijacking". In: *Under Review* (2025).

[C2] **Jianli Zhao**, Changhao Xu, and Bin Jiang. "IPED: An Implicit Perspective for Relational Triple Extraction based on Diffusion Model". In: *NAACL* (2024).

Software Projects

WeStudy Study Room Management System

Developing Documents: Design the system architecture based on user requirements in the context of an automated learning system.

Coding Task: Develop frontend, backend, and WeChat mini program based on Vue and Spring Boot.

Selected Courses

- Database System (Scores: 92/100)

- Discrete Mathematics (Scores: 89/100)

- Data Structure (Scores: 99/100)

- Machine Learning (Scores: 86/100)

- Deep Learning (Scores: 91/100)

- Computer Network (Scores: 86/100)

- Java Programming (Scores: 99/100)
